PROJECTS

SignTalk

- An exciting **addition to the popular language learning app "Duolingo."** SignTalk promotes inclusive communication and awareness effectively. **It gamifies sign language learning**, making it enjoyable and approachable. Lessons are bite-sized, allowing users to learn two languages simultaneously

Canada Revenue Agency

- **Revamped CRA (Canada Revenue Agency) website design** to enhance user experience and accessibility, ensuring seamless navigation and improved functionalities and UI in collaboration with other teammates

Loo-Viewer app

- Created Loo-Viewer app, a user-friendly solution **empowering quick and efficient washroom location, ensuring positive user experiences**

EXPERIENCE

Production Associate, Goodwill Industries

April 2023- Present | Waterloo, ON

- Developed **strong customer service** skills through interactions with diverse clientele at Goodwill
- Gained a **keen eye for detail** in production processes, ensuring high-quality output and kept the department area organized and orderly, **ensuring a smooth workflow**
- **Collaborated effectively with colleagues** as a production associate and have the motivation and **aptitude for learning new skills**

Achievements: Increased apparel production by changing the method of apparel handling from a sorting station to a hanging station in a popular thrift store.

Graphic Designer

Nov 2020- Sep 2022 | Kerala, India

- Analytical, Creative, and innovative Graphic Designer with expertise in **understanding project requirements** crafting impactful brand identities, and executing re-branding initiatives
- Committed to meeting deadlines, facing challenges, and delivering quality customer service
- Proficient in designing logos, stationery, and cohesive social media graphics to enhance company branding
